

PRESS RELEASE
For immediate release

Campagna Motors now trust H.Grégoire Récréatif to be the new dealer of the T-Rex and the V13R

Montreal, June 19, 2009

Campagna Motors has just signed an agreement allowing H. Grégoire Récréatif to sell and take care of technical service on these renowned three-wheels vehicles in Québec. From now on the V13R and the T-Rex will be for sale in H. Grégoire superstores. New dealers located in Montreal, St-Eustache (H.Grégoire Récréatif) and Trois-Rivières now make it easier for customers in Montreal, la Mauricie, and la Rive-Nord to buy the T-Rex or V13R of their dreams and benefit from high quality maintenance services (in these three new outlets).

Thanks to recent legal changes in Québec now allowing class 5 driving licenses owners to drive three-wheeled vehicles, Campagna Motors has begun showing signs of a significant expansion, placing the company in good position to choose H. Grégoire as their car dealers. In an automobile world openly struggling with global difficulties, Campagna Motors are successfully and currently meeting fixed goals. Their products stand in an enviable position in the market as proved by a significant growth of their distributors (dealers) network and their order book.

About

H. Grégoire Récréatif is a specialized dealer selling boats, sea-doo's, ski-doo's, ATVs and sea products. Mr Paul Blouin and Mr Éric St-Marseille have been sharing their passion with their 35 dynamic team members. Since its opening 3 years ago, the company has been offering sales, maintenance, renting and storage services. H. Grégoire now stands among the best in its domain.
